

Caravanning & Camping Maintenance

CRC CERAMIC ARMOUR - 1756339

A hybrid ceramic spray wax designed to provide superior and durable protection with a high-gloss finish. Infused with Silicon Dioxide (SiO₂) technology the formula bonds chemically to the surface creating a water-repellent barrier that protects against contaminants, uv rays, and oxidation.

> Ideal for panels.

CRC CO CONTACT CLEANER - 2016

A unique, plastic safe, scientifically formulated, technically proven, stable, inert high purity cleaning solvent. It evaporates rapidly and contains no lubricants.

> Ideal for cleaning relays, switches, circuit breakers, printed circuit boards, connectors, generators, contacts, test equipment, terminals, plugs & jacks.

CRC WATTS UP - 1754785

Restores photovoltaic efficiency to maximise solar panel output by effectively removing the contaminants from solar panels.

> Ideal for cleaning solar panels.

CRC GLASS CLEANER - 3070

A foaming, non-abrasive, residue free formula which is versatile & safe enough to use on the most delicate glass surfaces. It quickly cuts through the toughest dirt, dust, fingerprint and haze deposits.

> Ideal for windows & stainless steel.

CRC DRY GLIDE - 3040

A technically advanced dry film lubricant that prevents sticking and reduces friction & wear by forming a non-staining micro thin film.

> Ideal for door hinges & awning pulleys.

CRC 5-56 MULTI-PURPOSE - 5005

A multi-purpose spray that penetrates, lubricates and prevents corrosion. It forms a thin film that lubricates moving parts for smooth action and silences annoying squeaks.

> Ideal for hinges & general lubrication.

CRC ZINC IT - 2085

Contains 95% of the highest purity zinc in the dried film to form a highly protective coating on bare steel or iron surfaces.

> Ideal for long-term corrosion protection in harsh condition.

CRC BRIGHT ZINC - 2087

A zinc-rich paint that provides galvanic rust protection in a highly protective coating that resembles the colour of new galvanising.

> Ideal for rust prevention on any bare metal where the new galvanised look is required.

CRC RUST CONVERTER - 14610

A unique fast drying formula that instantly neutralises rust and converts it to a usable surface for priming & painting.

> Ideal for treating rust from the trailer frame.

CRC EVAPO-RUST SPRAY GEL - 1753336

A powerful formulation that clings to surfaces to effectively remove rust on all types of mild steel and iron, without the need to soak.

> Ideal for removing rust from the trailer frame.

CRC METAL ARMOUR - 1754703

A zinc-rich primer and sealer that bonds directly to bare metal or most surfaces, including painted surfaces.

> Ideal for use after rust treatment.

Provides a thin, durable, clear, odourless film to make the tent waterproof.

> Ideal for zippers & waterproofing.

CRC 808 SILICONE - 3055

Products Against Moisture Non-Staining & Odourless Reduces Friction & Wear Revives & Protects

SO EASY TYRE CLEAN & SHINE - 5045

Penetrates the rubber tyre wall and dries to a clear protective film. No rinsing, no wiping, no rubbing. Makes tyres look like new again.

> Ideal for removing stains & scuff marks from tyres.

CRC LANOSHIELD - 3150

A natural non-evaporative lanolin formula with superior lubrication, penetration and long-term protection properties.

> Ideal for all lubrication needs.

CRC LEAK STOP SPRAY SEAL - 8498

Provides a waterproof seal to most hard surfaces. It offers a flexible, durable, long-lasting solution to leaks by bridging gaps & cracks.

> Ideal for general waterproofing of hard surfaces.

CRC BATTERY MAINTENANCE - 5097

Engineered for the removal of acid corrosion deposits, electrolytes, dirt and moisture from battery surfaces and for neutralising battery acid and electrolytes.

> Ideal for promoting longer battery life.

CRC BATTERY TERMINAL PROTECTOR - 5098

Designed to protect battery terminals from corrosion, the leading cause of battery failure, and to maintain the batteries peak performance level.

> Ideal for battery terminals.
