

Trailer Maintenance

CRC WHITE LITHIUM GREASE - 5037

A high-purity advanced formula that provides long lasting lubrication and durability in any weather under stressful conditions.

> **Ideal for use on trailer balls and couplings, winches, break-in lubrication for bearings.**

CRC WIRE ROPE & CABLE LUBRICANT - 3035

A special blend of synthetic lubricants, solvents and Molybdenum designed to keep chains and wire rope in peak operating condition.

> **Ideal for trailer winch rope/cable.**

CRC 5-56 MARINE - 6006

A multi-purpose lubricant designed to prevent damage due to water and salt atmosphere in marine engines and boating equipment for extended periods. It forms a thin film that lubricates moving parts for smooth action and protects metals from corrosion.

> **Ideal for jockey wheel, winch & general lubrication & corrosion protection**

CRC EVAPO-RUST SPRAY GEL - 1753336

A powerful formulation that clings to surfaces to effectively remove rust on all types of mild steel and iron, without the need to soak.

> **Ideal for removing rust from the trailer frame.**

CRC RUST CONVERTER - 14610

A unique fast drying formula that instantly neutralises rust and converts it to a usable surface for priming & painting.

> **Ideal for treating rust from the trailer frame.**

CRC ETCH-10 - 1756401

A high-performance Red Oxide Vinyl Etch Primer designed for superior adhesion & corrosion resistance on various metal surfaces (Ferrous & Non-Ferrous).

> **Ideal for priming steel & aluminium trailer frame & metal components where normal primers don't adhere.**

CRC SOFT SEAL - 3013 CRC LONG LIFE - 3097

Long term outdoor/indoor corrosion protection with superior lubrication to preserve and strengthen the useful life of equipment.

> **Ideal for applying before storing for prolonged periods.**

CRC BLACK ZINC - 2089

A quick drying, primer-less finish with zinc complexes to give outstanding protection over bare metal.

> **Ideal for decorative painting of trailer.**

CRC BRIGHT ZINC - 2087

A zinc-rich paint that provides galvanic rust protection in a highly protective coating that resembles the colour of new galvanising.

> **Ideal for rust prevention on any bare metal where the new galvanised look is required.**

CRC ZINC IT - 2085

Contains 95% of the highest purity zinc in the dried film to form a highly protective coating on bare steel or iron surfaces.

> **Ideal for long-term corrosion protection in harsh condition.**

CRC METAL ARMOUR - 1754703

A zinc-rich primer and sealer that bonds directly to bare metal or most surfaces, including painted surfaces.

> **Ideal for use after rust treatment.**

CRC RED LITHIUM GREASE 1753203

A multi-purpose grease that withstands extreme pressure and resists water wash-out with a high level of tackiness.

> **Ideal for wheel bearings & rollers that get submerged in salt water.**

CRC DI-ELECTRIC GREASE - 5109

Non-curing silicone compound for electrical sealing, lubricating, protecting, and insulating.

> **Ideal for electrical contacts, boat electronics, trailer plugs and light sockets.**

CRC LANOSHIELD - 3150

A natural non-evaporative lanolin formula with superior lubrication, penetration and long-term protection properties.

CRC 808 SILICONE - 3055

A multi-purpose lubricant that provides a thin film to protect and eliminate squeaking & binding caused by friction.

> **Ideal for trailer rollers and wheels.**
