

ETCH10

VINYL ETCH PRIMER

• Superior Adhesion

Formulated to bond effectively with bare metal surfaces, including steel, aluminum, galvanised metals (any Ferrous & Non-Ferrous metals), ensuring the topcoat adheres securely.

• Corrosion Resistance

Provides a durable barrier that can help prevent rust & corrosion, even in harsh environments, offering long-term protection.

• Quick Drying Formula

Designed for fast drying, **ETCH10** allows for quicker overcoating and reduces downtime during application.

• Compatible with Multiple Topcoats

Works seamlessly with a variety of topcoat finishes, including enamel, polyurethane, and epoxy, providing flexibility in finishing options.

• Red Oxide Colour

The Red Oxide colour improves visibility during application and enhances the overall protective properties.

VERSATILE APPLICATION

Suitable for use in Industrial, Marine & Automotive settings - making it an ideal choice for a wider range of applications.

EASY APPLICATION

Quick & convenient from aerosol can, no need for brush or rollers.

COVERAGE

300g Aerosol – Approximately 2sqm.
