

## THE CRC SMARTWASHER® A SMARTER & SAFER SOLUTION

The CRC SmartWasher® is a manual parts washer that replaces traditional solvent or aqueous alternatives. It uses a non-hazardous, non-flammable, water-based degreasing solution that offers a superior cleaning performance as powerful as solvents while being safer for the user. The SmartWasher® will meet the needs of modern businesses' parts washing requirements.

The CRC SmartWasher® utilizes the natural process of bioremediation to break down and convert oil, grease and carbon-based contaminants into harmless by-products of CO<sub>2</sub> and water.

The bioremediation process reduces liquid hazardous waste streams and reduces the release of harmful pollutants into the environment.
