

DRY FILM LUBRICANTS

CRC Dry Glide with PTFE is a technically advanced multi-purpose long term dry film lubricant that prevents sticking and reducing friction & wear by forming a non-staining micro thin film.

CRC Dry Moly Lube is a long-lasting surface lubricant that prevents galling and helps to reduce torque and energy consumption.

Penetrates & bonds
to most surfaces

Seals out moisture
& inhibits corrosion

CODE: 3040
150g

Fast drying film resists
dirt & dust build up

High anti-friction &
anti-seizure properties

CODE: 03084
312g

TOGETHER, WE GET IT DONE.™
