

# Chute Lube<sup>®</sup> Silicone Lubricant

- Wide temperature range (-40°C to 200°C)
- Low surface tension
- Lubricates without attracting dirt and other harmful contaminants
- Non-hardening film
- Good surface contact in wet conditions
- Reduces galling and friction

## Product Description

Chute Lube<sup>®</sup> is a superior, long lasting silicone spray for package handling applications. It forms a colourless, odourless, non-staining film that lubricates and protects in most metal to non-metal applications.

Chute Lube<sup>®</sup> eliminates the binding and sticking of packages and boxes, while protecting most surfaces. It helps boxes glide down chutes and rails on package handling and sorting conveyors. Special additive makes Chute Lube<sup>®</sup> effective in wet conditions.

*Chute Lube is a NSF H2 approved product*

## Applications

Recommended to lubricate package handling equipment, transport industry chutes, sorting rooms, bottling machinery, guides, rails, conveyors, knives and saws.

300g  
CODE: 3204
